Please Read Carefully

The Children's Learning Center, Montessori is dedicated to the application of Montessori teaching methods for providing the children of ages 18 months to 6 years with the best possible early childhood education. The Children's Learning Center, Montessori is not a babysitting service or daycare center. It strives to provide quality education at a reasonable cost.

In order to plan and support year-round school activities, the Children's Learning Center incurs many expenses, such as salary and facility expenses that are committed for the entire year. To plan proper functioning of the school, it is essential that the annual income from fees be assured. For this reason, it is understood that students are enrolled for the entire year or such portion as may remain after the date of entrance. Tuition for the whole of the enrollment period shall be deemed in full at the time the student attends his or her first class. In view of the above, no reduction or remission of fees can be allowed by the school for absences, withdrawal, or dismissal.

It is understood that acceptance of this application for enrollment constitutes agreement for the undersigned parent or guardian to pay the full tuition and general fees for the school year. Tuition may be paid in equal monthly installments, in advance. The first payment is due on the date of entrance and payment thereafter is due on the first of each month. All other fees are due on or before the day of entrance. A delinquent charge of \$20.00 is due after the 5th of each month.

In case of the termination of the contract, 60 days notice would be required and it is also understood that in case of default, the entire balance of tuition will become immediately due and if it becomes necessary to engage an attorney or agency, the undersigned will be liable to pay all collection agency fees, attorney fees, and cost incurred by the school.

Signing of this agreement gives permission for the student above to take part in all school activities, including sports, and absolves the school from liability for any injury incurred by the student at the school or during a school activity.
